COMPANIES' PROJECTS

Project Two (NDA) (12/2021 - Present)

- PHP, JQUERY, HTML, PHTML, CSS, LESS, JavaScript.
- Fixing the new and old bugs asked by the client. After changes by me and Two other junior Developers (Frontend, API) I'm responsible to review their code and deployment on staging as well as production.

Project One (NDA) (04/2021 - 11/2021)

- PHP, JQUERY, HTML, PHTML, CSS, LESS, JavaScript.
- Backend: Finalized the project for live production. We are importing Products from CSV files to Magento 2 using Script. Do some customization and integrations of third-party extensions according to the clients requirement.
- Frontend: Creating Many CMS Pages and Blocks according to PSD designs provided by Company and then Implementing these designs using patches.
